

The US 41 Project: special features

This project is one of Wisconsin's largest ever road construction projects. And WisDOT is going

- Roundabouts – The most modern form of intersection in the U.S.
 - 44 total – 28 in Brown County and 16 in Winnebago County
 - Reduce fatal crashes by 90 percent
 - Reduce crashes with injuries by 76 percent
 - Reduce pedestrian crashes 30-40 percent
-
- A new eight-lane Lake Butte des Morts Causeway

- Interchange improvements
- Community sensitive design
- Aesthetic appearance of retaining walls, bridges and sound barriers
- Designs that reflect and complement surrounding communities
- Use of open space to visually link natural areas adjoining the highway corridor
